Title: Home Visiting Career Trajectories.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS), in collaboration with the Health Resources and Services Administration (HRSA), seeks approval to collect information from home visiting program staff in programs receiving funding through the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program as part of the Home Visiting Career Trajectories study. ACF is interested in collecting information about the state of the home visiting workforce, career trajectories of home visitors, and strategies for building a pipeline of qualified home visitors and supervisors.

Through the proposed information collection, the researchers will obtain information about the characteristics, qualifications, and career trajectories of home visiting staff. The study will include a national survey of the MIECHV workforce, interviews with training and technical assistance experts, and site visits to home

visiting programs in eight states that vary in terms of geography, population demographics, labor markets, and home visiting program offerings.

Respondents: Home visiting program managers, supervisors, home visitors, and training and technical assistance experts.
